The History Of Scepticism From Erasmus To Spinoza  

Richard H. Popkin

This book is a comprehensive history of scepticism in European philosophy from the Renaissance to the 17th century. It covers the works of Erasmus to Spinoza and explores the development of sceptical thought over this period. The book is based on original research and demonstrates conclusively how the transmission of ancient scepticism was a vital factor in the formation of modern thought. The history of scepticism from Erasmus to Spinoza has been reviewed by several experts and is considered one of the seminal books in the history of ideas.

The two new chapters extend the story as far as Spinoza with special reference to the beginnings of biblical criticism. Popkin's history is of great potential interest to a wide readership wider than most specialist publications and wider than it has so far as I can tell reached hitherto. Project Muse the history of scepticism from erasmus to spinoza by - an amazing history tracing the history of scepticism in European philosophy from the Renaissance to the 17th century.
